

D01: CCBDP change of status:

Previous CCBDP will be named Maison France Services. This change of status has been necessary in order to provide new competences to the Communauté de Communes.

This change of status will be effective by the end of 2021.

D02: Contracting a 210,000 EUROS loan from Caisse des Dépôts et Consignation in order to finance the maintenance of the storm water network

Since Monpazier can claim only 30% of the necessary amount from subsidies, contracting a loan is the only way to finance this work.

Also, and since the tax return (TVA) from the main loan will be completed in the next 2 years, we need to contract an intermediate loan to cover it.

D03: SAGE project agreement:

The Mayor introduced the SAGE (Schéma d'Aménagement et de Gestion de l'Eau). There will be a public survey before validating this project.

This project is organized through 4 main goals:

- Quantitative management
- Quality of water
- Water environments (ecosystems)
- Management, communication & follow up

D04: Proposal agreement against EDF reform project:

Monpazier Town Hall Council wrote down a proposal against EDF project “Hercule”, which is planning (by 2022) to divide up this public company into 2 different fields:

- “EDF Bleu”, would take care of nuclear industry, water dams and the distribution of power
- “EDF Vert”, would be partly privatized and opened to all investors through stocks (35% of total capital)

Monpazier Council proposal claims that EDF has to be the main partner of the Government to engage a political program for energy.

“Hercule Project” which is planning EDF dismantle would have a negative impact regarding distribution of power through communities.

D05: Proposal regarding conservation of post offices in Dordogne:

Monpazier Town Hall Council requests Direction Régionale de la Poste:

- To keep up with currently located in Dordogne Post Offices activities
- To not taking into account the decrease of activities of those Post Offices, due to La Poste decision in decreasing hours of service during rush hours, but also due to specific situation in 2020.
- To postpone all kind of changes regarding Post Offices services.

D06 : Hourly rates of Municipal servants while working for external missions:

In some situations Municipal servants could be working for individuals other than Monpazier Town Hall interests. When so, they do use communal facilities. Therefore, it is necessary to set a hourly rate in order to bill the individuals they work for.

They work outside of their communal duties only when what is needed is linked in community interest.

Hourly rates depends on personal skills and period of work (days and time).

Hourly rates are set as follows:

From Monday up to Friday, working hours	22€
From Monday up to Friday, off working hours	25€
Week end and day off	35€
Any day between 10:00 pm and 7:00 am	45€

D09: Mediathèque/ 2021 Passes and sale of CD'S

Mediatheque is willing to sale off some old CD's

Other business

An individual, who request to remain anonymous, gave a 3 years old Maxi Kangoo car.

Given the decrease of students, Academy of Bordeaux stated that Monpazier Primary School will operate with a class off from 2021 back to school (5 classes only for both Monpazier and Capdrot schools).

The work at the church is running late due to some delay with delivery of stones.

LPO (Bird Reservation Association) is requesting birdhouses for swift birds. They will be placed on the top of church steeple and roof cornice (currently under restauration).

As of today, the patronage campaign for the church got 10,000 EUROS.

Martine Florentin, a communal servant, will be retiring on May 28th.
